 The Ultimate Aromatics Spa Experience!

Welcome to an Oasis of Tranquillity....
 Unwind in the airy Aromatics Spa Lounge that overlooks its beautiful lush garden, as
 you enjoy a tranquillity drink that is designed to calm the senses and is made from our
 own special blend of natural ingredients.

The Tranquillity Touch Welcome
 Feel the tension, stress and anxiety of your world melt away as you enter a state of
 pure bliss. Beneath the pressure of the therapist's hands, the skin starts to relax and
 soften, which promotes relaxation and a feeling of well-being throughout the body.

Exfoliate....
 Feel your skin rejuvenate as the cleansing seaweed scrub gently exfoliates your body,
 improving overall circulation and reviving the skin's radiance.

Wrap...
 Allow your skin to hydrate and your body to absorb nutrients that enhance the
 detoxification process from the seaweed mask that enfolds you while you drift away into a silent
 slumber.

Steam....
 Feel your body cleanse as the steam opens the skin pores and provides the
 elimination of toxins by perspiration.

Become one with water....
 Return to the elements of nature as you experience the Hydro Bath at Aromatics Spa
 with its therapeutic jets in a calm sanctuary that reflects the soul of Africa. Being in
 water, with the body in weightlessness, allows the return to day one of non-tension, back to the moment
 when we were in our mother's belly.

The Relaxation Room....
 Enjoy a platter of succulent seasonal fruits as you take in the cool, serene azure
 backdrop.

Hot Stones....
 Prepare to enter a world of deep relaxation with the Hot Stone Massage. The soft
 textured volcanic stones create a harmonious energy flow, allowing you to reach a
 state of calmness and rejuvenation with ease. The stone spa experience offers penetrating heat that
 radiates deep into the muscles. The comforting pressure and the weight of these
 natural stones will gently coax you into a state of pure relaxation. Tension will melt away
 as the stones glide and press against the body.

Give your face a breath of Fresh Air....
 A hot stone face massage and a facial all rolled into one to simultaneously cleanse and
 relax the facial muscles.

A facial for the hands and feet....
 Unlike a conventional manicure and pedicure, the Aromatics Spa Mani & Pedi allows

you to indulge in a deeply relaxing hand and foot massage while using special products designed to soften and moisturize the hands and feet with ease.
